Re: Joint Application for Approval of a Transfer of Assets - Trinsic Communications, Incorporated, Touch 1 Communications, Incorporated, and Any Successor in Interest, Including a Chapter 7 Bankruptcy Trustee (Collectively, "Trinsic") and Matrix Telecom, Incorporated.

Docket No.: 2007-134-C

Dear Mr. Terreni:

Since ORS filed its letter in this docket late yesterday afternoon, Matrix Telecom, Inc. has provided ORS with the information ORS has been requesting since January of this year.

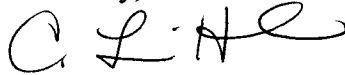

At 6:36 P.M. on May 29, 2007, ORS, along with the Hearing Examiner in this docket, was emailed financial information of the company regarding USF reporting. The Audit Department of ORS first requested the information on January 23, 2007 from Judith Riley of Telecom Professionals, Inc., Matrix's consultant at the time the SC USF Contribution Worksheet was completed and submitted. After allowing several weeks for a response, but receiving no information, ORS again requested the information from Lisa Stevenson of Matrix on March 8, 2007. On April 4, 2007 ORS received a portion of the information requested but such information was insufficient for ORS to properly review the company's USF contributions as necessary. Since April, ORS has been attempting to gather additional information, but was not forwarded the remaining necessary information until last evening.

With regard to the relevancy of the company's request in this docket, it is always relevant for the company to comply with reporting requirements regarding USF contributions, as well as any other regulatory requirements. ORS and the Commission have a duty to the citizens of South Carolina to carefully consider any request of a

telecommunications provider in this state. Fortunately, the company finally provided the necessary information; therefore, after reviewing the information received last evening, ORS does not oppose the request as outlined in the joint application for approval of a transfer of assets.

Thank you for your attention to this matter.

Sincerely,
